ANNOUNCES

Rivane Neuenschwander: Secondary Stories
April 30, 2016 – July 29, 2017

Opening Reception: Friday, April 29, 2016
6 – 8 pm

This spring, the **Linda Pace Foundation** will present the Texas debut of *Secondary Stories*, a room-sized installation by Brazilian artist **Rivane Neuenschwander**, who has become widely regarded for her often ephemeral work that explores narratives about language, nature, social interactions and the passing of time. The exhibition, showcasing *Secondary Stories* as well as three video installation works, opens at **SPACE**, the public gallery of the Linda Pace Foundation, located at 111 Camp Street, on April 30, 2016 and will remain on view through July 29, 2017. The exhibition is free and open to the public during gallery hours.

 "The Linda Pace Foundation is delighted to present this hypnotic installation by Rivane Neuenschwander," says Foundation trustee Kathryn Kanjo. "In *Secondary Stories,* she seems to take viewers through the looking glass: the outsized confetti makes us feel small and we become lost in the slowly shifting play of light and color. Since her Artpace residency in 2001, Rivane has achieved great acclaim, with major exhibitions at the New Museum in 2010 and *mal-entendidos* at the Museu de Arte Moderna de Sao Paulo in 2014, which included a version of *Omission Points,* created at Artpace."

The exhibition's opening reception will be held at SPACE on Friday, April 29, 2016 from 6-8 pm,, and will include musical entertainment by local DJ, Justin Boyd along with refreshments served by San Antonio's Chamoy City Limits and Brazilian inspired cocktails provided by Park Social.

A number of events including a fall community education event are planned in conjunction with the *Secondary Stories* exhibition. For details, visit www.lindapacefoundation.org

About Rivane Neuenschwander
Born in 1967 in Brazil, where she continues to live and work, Rivane Neuenschwander is informed by the Neoconcrete movement of the 1970s. Her work offers concrete manifestations and discrete objects to be observed, considered, analyzed and understood for significance beyond the verbal. She received a BFA from the Federal University of Minas Gerais, Brazil in 1993 and completed her MFA at the Royal College of Art in London. Winner of the Yanghyun Prize in South Korea in 2013 and shortlisted for the Guggenheim Museum's Hugo Boss Prize in 2004, the artist has exhibited her work internationally throughout the past twenty years.
